

If You Could Know What I Know

D A E/G# F#min E
If my Life was a moving picture show and you could play the role you'd see
D A E/G# F#min E
If my life was a moving picture show then you would play a life that's been redeemed
D E
You'd know the many ways in which the Lord's revealed himself to me
D E
And showed me who I really am and all the love He has for me

A E/G# F#min E
If you could know what I know
A E/G# F#min E
If you could see all that I've seen
D A/C# F#min E
You would know all that I know
D A/C# Bmin A E F#min E/G#
And these words that don't do justice to this healed soul won't matter anymore
A etc.
If you could know what I know

You never, ever really know 'till you dip your toe, just what the water's like
And you never really know if the fruit is sour or sweet until you sink your teeth
And take a bite
I'll tell you of the many things the Lord my God has done for me
Maybe you would be encouraged to take Him at His word and see

Chorus
